

Single
Phase

RCBO

Three
Phase

MCB

MT61 is an integrated system of smart meters, breakers, and communications.

- Electrical parameter monitoring
- Full Protection
- Bidirectional Communications
- Remote control and remote lock
- Tamper event detection, recording, and reporting
- Power event alarms
- Current is up to 80A
- Standards : IEC62053-21, IEC60898
- Approvals : CE, CCC

Smart Circuit Breaker

FEATURE

- 01** Monitoring in Real-time
Current, Voltage, Active Power,
Reactive Power, Power Factor,
Frequency, Temperature
- 02** Communication
RS485, WiFi or 4G
- 03** Protocol
MQTT
